A photograph of a modern cable-stayed bridge at dusk. The bridge's white, curved pylon and stay cables are silhouetted against a deep blue twilight sky. The bridge deck and its reflection are visible in the calm water below, which also reflects the warm lights from buildings and streetlights in the background. A semi-transparent dark blue horizontal band is overlaid across the middle of the image, serving as a background for the text.

“Most people make the mistake of thinking design is what it looks like. That’s not what we think design is.
It’s not just what it looks like and feels like. Design is how it works.”

A scene from the animated show 'SpongeBob SquarePants'. SpongeBob is on the left, holding a stack of brown blocks and looking at Patrick with a wide-eyed, happy expression. Patrick is on the right, jumping in the air with his arms raised and a large, open-mouthed smile. The background is a blue wall with green and purple wavy patterns. A yellow flower is in the top left, and a purple flower is between the characters. The ground is sandy with some green patches.
